Sanderson Hall is located on the far end of the campus and is on the left-hand side of Schmidt Hall. The first two floors are co-ed while the remaining floors are totally female. Its most distinguishing characteristic is its loud music on the second floor and cold showers during the winter.

SCHMIDT

Schmidt Hall is the only single sex dormitory remaining on the campus. For women only, it is the farthest dormitory from campus and provides a home-like atmosphere for its residents due to its brick walls and spacious rooms. But no males without an escort.

KILLINGER

Killenger Hall, a three story dorm is located on Rosedale Ave. where the football field once stood. Previously known as the all male dorm, Killenger is now the home of honor students.

TYSON

Tyson Hall, the sister dorm to Ramsey and Goshen halls is a eight story co-ed dormitory. Tyson is the "middle" of the three dorms located on the north side of campus.

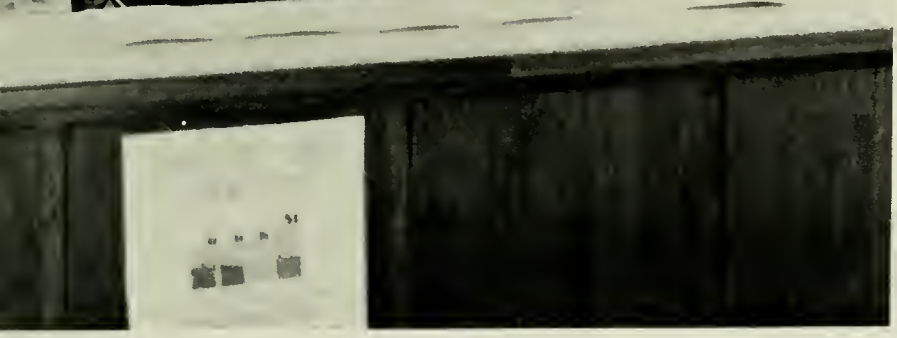
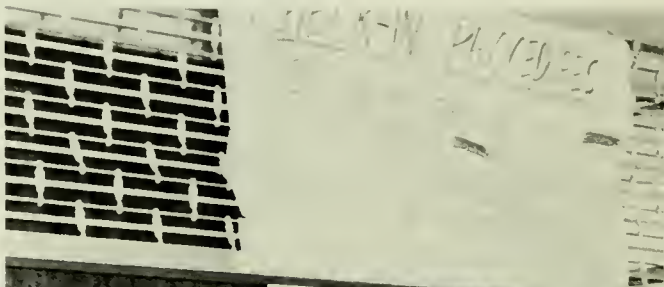
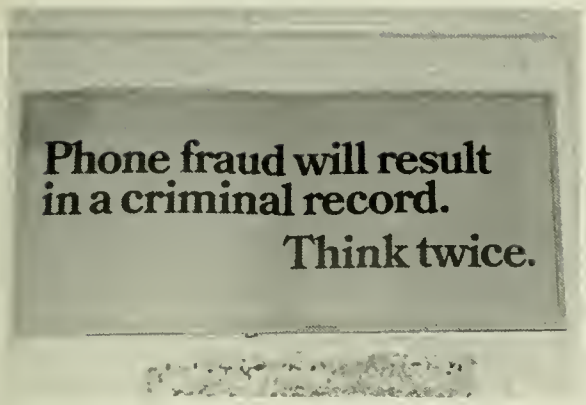
GOSHEN

oshen Hall is located across the street from McCar-
ıy Hall. It is often confused with Tyson Hall since
ıey are exactly alike. Goshen is a co-ed dormitory
ıd is famous for its artwork on the walls.



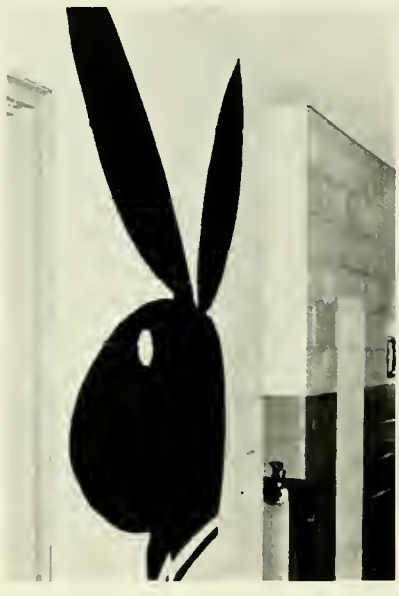


MOOSE & BEARS



RAMSEY

Ramsey Hall is the dormitory closest to the cafe. It is a co-ed dormitory that is famous for the exterminator visiting its resident's room.



McCARTHY

McCarthy Hall is located next to Mitchell Hall, which is the Arts lecture hall. This dormitory is the farthest from the cafe. Most of its residents are Music Education and Music majors. Its distinguishing characteristic is the residents playing their instruments at all hours of the day and night.

GRADUATION
1983

Ethnic

NAACP

The NAACP on this campus has strived to preserve black civil rights for all black students. They have also strived to help the black community in the West Chester area. The main goals of the NAACP is to help black students and communities to join together to advance in a world that is sometimes prejudical and cruel. They believe that in numbers and unity all blacks can overcome the problems that face them in society today and in the future. The NAACP this semester aided the BSU in many of its activities. It sponsored a charity basketball game to raise money for scholarship funds. It also had a lecture by Dr. Frank Snowden for human rights service, voter registration drives, and lecturers. In the Fall, the NAACP had banquets in which important individuals in the college and West Chester community met and established a common bond. So here is a salute to the NAACP of West Chester State College for its contributions to the community and black students on campus.

Gina Chapman, Robin Green, Janie Jones, Fred Odom, Cheryl Peoples, Dana Waller, Mrs. Grice (Adviser)

BSU

The Black Student Union is an ethnic organization involved in black education, unity, and power in this society. They stress to students that they must get involved in society in order to achieve success and happiness. The BSU also stresses to students to vote and let your voice be heard by those people who are responsible for handling political and educational decisions that may affect their lives. The BSU has sponsored many programs this year at West Chester State College. They sponsored an award banquet, theatre productions, musical concerts, voter registration, dance parties, and went to Harrisburg on numerous occassions for political conventions and conferences. They also worked closely with CAS in their voter registration drive and other political activities which were beneficial to all students on this campus. We hope their good work will continue to improve the campus in the future.
